

COVID19

SIGNS FOR SAFE WORK PRACTICES

Safe work practices are types of administrative controls that include procedures for safe and proper work used to reduce the duration, frequency, or intensity of exposure to a hazard. Implementing COVID-19 signage (stickers) is one of the control measures for SARS-CoV-2 according to The Department of Employment and Labour's workplace preparedness.

Encourage employees and visitors at your facility to keep themselves clean and safe by implementing Coronavirus (COVID-19) signage.
